Information Disclosures

Please notify your Financial Consultant if there have been any changes in your financial situation, investment objectives, requested restrictions or other instructions which might affect the services to be provided to you or the manner in which your assets should be invested.

We have available at no cost an investment advisory services disclosure document which describes our investment advisory services and those of any investment advisors managing account. If you would like a copy, please contact your Financial Consultant.

Sources and Intent

This investment evaluation is directed only to the client for whom the evaluation was performed. The underlying data has been obtained from sources the Firm believes to be reliable but we do not guarantee their accuracy, and any such information may be incomplete or condensed. This evaluation is for informational purposes only and is not intended to be an offer, solicitation, or recommendation with respect to the purchase or sale of any security or a recommendation of the services supplied by any money management organization. Past performance is not a guarantee of future results. Performance for periods greater than one year is annualized. The information contained herein was prepared by your Financial Consultant and does not represent an official statement of your account at the Firm (or other outside custodians, if applicable.) Please refer to your monthly statement for a complete record of your transactions, holdings and balances.

Gross Rates of Return

The investment results depicted herein represent historical Gross performance before the deduction of investment management fees. Valuation for periods prior to July 2004 is calculated based on settlement date accounting methods. As of July 1, 2004, trade date accounting methods are used. Annual, cumulative and annualized total returns are calculated assuming reinvestment of dividends and income plus capital appreciation. The client is referred to the Consulting Group Descriptive Brochure or Part II of the Firm's Form ADV. Actual returns will be reduced by expenses that may include management fees and cost of transactions. As fees are deducted quarterly, the compounding effect will be to increase the impact of the fees by an amount directly related to the gross account performance. For example, on an account with a 2% fee, if the gross performance is 10%, the compounding effect of the fees will result in a net performance of approximately 7.81%. This Report is for one-on-one client presentations only.

Net Rates of Return

The investment results depicted herein represent historical Net performance after the deduction of investment management fees. Valuation for periods prior to July 2004 is calculated based on settlement date accounting methods. As of July 1, 2004, trade date accounting methods are used. Annual, cumulative and annualized total returns are calculated assuming reinvestment of dividends and income plus capital appreciation. The client is referred to the Consulting Group Descriptive Brochure or Part II of the Firm's Form ADV.

Advisory Notice

The Fiduciary Services-Affiliated Program and the Fiduciary Services-Unaffiliated Manager Program are separate and distinct advisory programs. Absent your written authorization, assets may only be transferred among managers within the particular program.

International History:

Until 4th quarter 1997, International equities were included within the Domestic equity category for performance presentation. For asset allocation purposes, they are reflected beginning Jan.1, 1998.

Bond Average

Please note that all averages calculated are weighted averages meaning that the calculation takes into account the par value of each position. CMO's and Asset Backed securities are excluded from the calculation. Any bonds that are non-rated by both Moody's and S&P are excluded from the average rating calculation.

International and Small Capitalization Securities

To the extent the investments depicted herein represent international securities, you should be aware that there may be additional risks associated with international investing involving foreign, economic, political, and/or legal factors. International investing may not be for everyone. In addition, small capitalization securities may be more volatile than those of larger companies, but these companies may present greater growth potential.

Fiscal Year

Total Fund's fiscal year ends on 2009/12

Vestek Performance Attribution Analysis

The following analysis is based upon information supplied by the Client or its custodian and software developed by Vestek Systems.
